QUALITY ASSURANCE PROVISIONS

<u>NSN: 01-088-4449</u> P/N: (99207) 3024T25P03

NOMEN: SHOULDERED STUD

Articles to be furnished hereunder shall be manufactured, tested and inspected in accordance with drawing number 3024T25P03 latest revision and all details and specifications referenced therein.

. Quality/Inspection Requirements

- MIL-I-45208 or ISO 9000 equivalent applies:
- First Article Testing applies: Mandatory Inspection applies:.
- **Production Lot Testing Applies**
- Site Survey may be required

II. Supplemental Requirements

- A. Additionally, para 3.1-3.5, 5.1-5.2, 6.1-6.2 of MIL-Q-9858 or ISO 9000 equivalent apply.
- B. The contractor shall identify on the process/operation sheets all manufacturing sources performing processes/operations outside of their facilities. These sheets shall not be revised or altered after the successful completion of First Article and/or Production Lot Testing without approval from the Engineering Support Activity (ESA), via the PCO.
- C. The Inspection Method Sheets which list the characteristics of each item produced under the contract shall have serial number traceability to the raw material, casting, or forging. In addition, the contractor is responsible for providing completed inspection method sheets showing the actual dimensions taken
- D. Markings should be in accordance with MIL-STD-130 Rev. "K" paragraph 5.3.3(a), (b),(c), and (g). Method and location shall be in accordance with the drawing.

III. Mandatory Inspection Requirements

contractor, as follows: During production, mandatory inspection is required to be accomplished by the

(

A. Level of Inspection (LOI):

- 1) Critical Characteristics: 100% inspection shall apply.
- sampling plan acceptable to the QAR. 2) Major and Minor Characteristics - LOI shall be in accordance with a

B. Critical Characteristics:

FIRST ARTICLE TESTS REQUIRED (Government Testing)

First Article Inspection/Test Criteria

The tests to be performed under the First Article approval clause of the contract are: A. Dimensional Check 100 % of finished part

(

B. Form/Fit

C. Compliance with all drawings, and specifications referenced therein.

D. Review documentation as provided under DD 1423 requirements

subjected to those tests which will demonstrate that the articles comply with contract In addition to the above tests, the First Articles to be delivered hereunder shall also be requirements.

Article (s) during testing. The contractor shall be responsible for providing necessary parts and repair of the First

Article Sample (s) during testing The contractor shall be responsible for providing necessary parts and repair of the First

Special Instructions:

sample(s) have inspection approval of the cognizant QAR. Sample(s) may be shipped as sample(s) can be refurbished to ready for issue (RFI) condition and provided the Sample (s) may be considered as production items under the contract provided the and are ready for shipment. production items only after all other units required under the contract have been produced

Notification of Shipment of Material For Government Testing:

preliminary inspection of test samples by the CAO/QAR. notify the designated test facility, in writing of the anticipated shipping date, with an A. Fourteen (14) days prior to shipment of First Article Sample (s) the contractor shall information copy to the PCO, ACO, and QAR The contractor shall also arrange for

.

preliminary inspection, shall be fowarded to the PCO / ACO and the designated test Receiving report (DD form 250), bearing the QAR's signature and indication of B. Upon shipment of First Article Samples, two (2) copies of the Material Inspection and facility. The envelopes shall be clearly marked, "DO NOT OPEN IN MAILROOM"

FIRST ARTICLE APPROVAL (GOVERNMENT TESTING)

A. The contractor shall deliver two (2) units of lot / item 001 within 250 days from the date of this contract to the government designated facility listed below.

NAVALAIRDEPOT JACKSONVILLE FAT OFFICE DOOR 16 NAS JACKSONVILE, FL.32212-0016

(

Marking of test sample (s) shipping container: "FOR FIRST ARTICLE TESTING. NOT FOR RFI, DO NOT TAKE UP IN STOCK". CONTRACT NUMBER:

A. For First Article Test, the shipping documentation shall contain this contract number and the lot/item indentification. The characteristics that the First Article must meet and the testing requirements that are specified elsewhere in this contract.

B. Within 120 calendar days after the Government receives the First Article, the contracting officer shall notify the contractor, in writing, of the conditional approval, approval or disapproval of the First Article. The notice of conditional approval or approval shall not relieve the contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the contractor. A notice of disapproval shall cite the reasons for disapproval.

If the First Article is disapproved, the contractor, upon Government request, shall submit an additional First Article for testing. After each request, the contractor shall make any necessary changes, modifications, or repairs to the First Article or select another First Article for testing. All costs related to these tests are to be borne by the contractor, including any and all costs for additional testing following disapproval. The contractor shall furnish any additional First Article to the Government under the terms and conditions and within the time specified by the Government.

The Government shall act on this First Article within the time limit specified in paragraph B above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.

- C. If the contractor fails to deliver any First Article on time, or the contracting officer disapproves any First Article, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause of this contract.
- D. Unless otherwise provided in the contract, and if the approved First Article is not consumed or destroyed in testing, the contractor-
- May deliver the approved First Article as part of the contract quantity if it meets all contract requirements for acceptance.
- Shall remove and dispose of any First Article from the government test facility at the contractor's expense.
- E If the Government does not act within the time specified in paragraph B or C above, the contracting officer shall, upon timely written request from the contractor, equitably adjust under the changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.
- F. Before First Article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the contractor. Before First Article approval, the costs thereof shall not be allocable to this contract for 1) progress payments, or 2) termination settlements if the contract is terminated for the convenience of the Government.

1.5 2.5.4.4.

. He .

- G The contractor shall produce both the First Article and the production quantity at the same facility and shall submit a certification to this effect with each First Article.
- H. The contractor shall provide specific written notification to the procuring contractor officer informing him/her of the shipment of any articles furnished in accordance with this clause. Such notification must be addressed to the attention of the ACO with copies to the testing activity. Failure to provide such notification shall excuse the government from any delay in performing First Article Testing and informing the contractor of the results thereof.

In addition to the above tests, the Production Lot Sample(s) to be delivered hereunder with contract requirements. shall also be subjected to those tests, which will demonstrate that the sample(s) comply

III. Testing location

A. The Production Lot inspection shall be performed at the contractor's plant, by days of completion of Production Lot Testing the CAO/OAR shall prepare and he Contracting Officer All 1423 requirements apply. submit two (2) copies of their test report with conclusions and recommendations to he contractor and witnessed and accepted by the DCMC/OAR. Within fifteen (15)

B Sample(s) may be considered as production items under the contract provided and are ready for shipment production items only after all other units required under the contract have been produced sample(s) can be refurbished to ready For Issue (RFI) condition and provided sample(s) have inspection approval of the cognizant DCMC. Sample(s) may be shipped as

PRODUCTION LOT TESTING (CONTRACTOR TESTING)

A. If the contractor fails to provide any Production Lot Samples for testing within the time or times specified, or if the contracting officer disapproves any Production Lot Samples, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause of this contract, and this contract shall be subject to termination for default.

B. In order for a Production Lot to be acceptable, all samples representative of the lot must pass all the contract requirements. In the event a sample fails to pass such requirements, the lot will be rejected. In such event, the government may, at its option and at no additional cost to the government, (I) terminate all or any portion of this contract for default, (II) require the manufacture of a new Production Lot, or a rework of the rejected Production Lot if the means and procedures by the contractor for rework are acceptable to the government, or (III) require the submission of additional samples for test. The foregoing procedures shall apply to new or reworked Production Lots in the same way as they did to the original Production Lot.

C.For each additional sample or each resubmission of a modified sample which the contractor is required to submit for approval hereunder as a result of a failure of a previous sample to conform to the requirements of the specification, the contractor shall pay to the government the costs of reinspection, examination and retesting and the contractor and his sureties (if any) shall be liable for the amount of such costs.

D. Nothing contained in the foregoing provisions of this clause, and no action of the government in accordance herewith, shall in any way prejudice the right of the government under the clause of this contract entitled default.
